FLV.com FLV Downloader Crack Keygen 6.50 Multilingual 13.39 MbFLV.com FLV Downloader is a compact software application whose purpose is to help users download videos from various online websites, such as YouTube, Google Videos, Yahoo! Video, and Dailymotion, and convert clips to different file formats. It sports a clean and straightforward layout that allows you to configure the dedicated parameters with minimum effort. FLV.com FLV Downloader gives you the possibility to automatically paste the URL in a dedicated pane, pick the video quality (e.g. low, standard, medium, HD), and select the saving directory. When it comes to conversion operations, you are allowed to upload the clip (FLV, MP4, MOV, AVI, WMV, 3GP, M4V) using the built-in browse function or "drag and drop" support, specify the target location, and pick the output format (e.g. MP4, MOV, PSP, 3GP, WMV, AVI). Additionally, you can choose the conversion quality (e.g. high, optimal, medium, same as original), automatically delete the original file at the end of the conversion process, alter the volume, and save the converted videos to the same target location as the original ones. What's more, you can cut the clip by selecting a start and end time. Other notable characteristics worth mentioning are represented by the possibility to pause or cancel the downloading process, play the videos directly into the primary panel, adjust the volume, switch to a full screen mode for a better focus on your work, as well as go to the previous or next video from the selected folder. As a conclusion, FLV.com FLV Downloader offers a handy set of parameters and an intuitive layout for helping you download and convert videos, and is suitable for all types of users, regardless of their experience level.
